

**Draft Agenda for State/EPA Monthly UIC Program Meeting
September 17, 2015**

Arroyo Grande AE

- Any public comments received?

Other upcoming AE packages – status update

- Cat Canyon
- Lynch Canyon (2 separate packages)
- Others?

DOGGR's UIC Regulations

- Summary of Workshops- overview of comments/concerns
- Draft rulemaking in November 2015

October 15, 2015 Shut In for Category 1, sub 3,000 TDS

- Total number of wells to be shut-in (and location)

July 15 deliverable update

- Detailed Plan for Class II program improvements
 - o Any impacts on restructuring of DOGGR on deadlines for project reviews in the program improvements plan?
 - o Letter of expectations
 - o Cypress Report - status

July 31 deliverable update

- Any additional information to be provided to EPA?
 - o Justification and/or additional analysis for assertion that most of the Category 2 wells do not impose risk or impacts to drinking water (public health)

11 HTAE Update (Do we want to discuss this again? Or have as a gentle reminder?)

- November 2015 is due date for final determination

UIC Class I topics (Should these be on the agenda?)

- Elk Hills/Tulare Aquifer Exemption proposal by CRC
- Fruitvale Field Refineries
